GREENEVILLE

Quinley-Kellas Wedding Took Place
Wednesday—Notes of Interest.

At 5:30 Wednesday afternoon Frank
H. Quinley of Smith and Miss
Alice Kellas of 272 Boswell avenue
were united in marriage by Rev. C. H.
Ricketts at the rectory of the Greene-
ville Congregational church on Pros-
pect street. The couple were unat-
tended. The bride was charmingly
dressed in a navy blue broad cloth
with hat to match. The couple left
on an evening train for a wedding tour
to be spent in New York and New
Haven and on their return they will
reside at 272 Boswell avenue.

Mr. Quinley is a carpenter by trade
and is employed by Archibald Tor-
rance and is well known to many in
this city. He is the son of Oliver S.
and Josephine Church Quinley. Mrs.
Quinley is the daughter of Mr. and
Mrs. James Kellas.

Persons and Notes.

Mrs. Archibald McNeil and daughter,
Mrs. Euphonia of Passaic,
N. J., are visiting a week with Mrs.
William J. Hall of Fifth street.

Mrs. McNeely of Smith avenue is
confined to her home with illness.

UNCLE HORACE SEES

USE FOR SNOW SHOVELS.

Touch of Winter Coming Between 19th
and 21st of November.

Uncle Horace Johnson writes from
Middle Haddam:

There will be a disturbance in the
atmosphere from the 19th to the 21st
of the present month that will be a
reminder of winter. To the public:
Get out the snow shovels, have the
rubber boots and dandy; be
prepared to battle with a severe win-
ter. Lay aside the summer gar-
ments.

Don't forget to shout, Peace! Peace!
Call for a congress of nations before
the beautiful world, given for the joy
of the people, is destroyed. Only ten
days of the new year stand as the day
of all others as that of thanksgiving
and praise to the Almighty for his
goodness and loving kindness and
blessing bestowed to his children.
Who is he that can account for the
terrible condition? Nation at war with
nation, trenches filled with blood and
bodies of the dead—what is it all for?
When the order to multiply and re-
plenish went forth, what was the in-
tention of the Lord? Was he prepar-
ing for one grand shooting match? If
that was the case he made it a grand
success. War has raged ever since
Christianity was introduced to the na-
tions of the earth. Millions and mil-
lions have been placed here and have
passed away. Millions are here and
soon to follow and millions will come.
How is it all to be accounted for? Did
the Lord make a mistake and is it all
a farce? Theologians, please answer,
if you can, does God regret?

Charitable Circle's Social Evening.

Sixteen members of Charitable
circle spent a most enjoyable evening
with their leader, Mrs. H. F. Palmer,
at her home on Otis street, on Tues-
day. Miss Mary Carter gave a very
interesting report of the state con-
vention recently held at New Haven.
Refreshments were served. The time
was so pleasantly passed that all were
loath to leave even at a late hour.

PREPARED NAVY YARD

FOR WINTER SEASON.

Submarines Are Expected to Stay Most
of the Time.

Preparations for winter are being
made at the Navy Yard. Most of the
submarines stationed there have al-
ready made their semi-annual tests,
and the sailors attached to the station
are engaged in cleaning up the yard
and putting everything in shape for
the winter. The submarines now at
the yard will remain there for the win-
ter, except for a few months when
they will go to New York for over-
hauling and repair. When they are
away other submarines will be sent
up to the Thames, so there will be al-
ways a few submarines at the Navy
Yard. The E-2, now at the New
York yard, will be added to the
Thames River fleet as soon as re-
pairs are completed.

Lieutenant McDonald, formerly of
the Tonopah, and recently transferred
to the Osage, has been ordered back
to the Thames Navy yard, and will be
stationed there.

Will Need 72,000 Dog Tags.

The design for the Connecticut dog
tag for the season of 1915
has been finished and manufacturers
have been ordered to produce 72,000
of them. The design of the dog tag
is the same as that of the dog tag
of the Connecticut domestic animals, J. O.
Phelps, by November 15. The tags
will be ready for delivery by March 15.

The new tag is shaped like a square

with the corners cut off by a curve.
It is one and one-eighth inch in di-
ameter and bears the numeral "1915"
the name of the town and the serial num-
ber of the license.

East Berlin.—The brickyard is now
burning their last kiln of brick, having
stopped making some time ago on
account of the freezing weather.

**State Expects County Commissioners to Send Its Share in

Certificates Have Been Granted in Norwich.**

The county commissioners were in
session here on Tuesday to receive li-
quor license applications and have al-
ready received 78 applications for sal-
oon licenses of which they have
granted 13. They have also granted
8 club licenses and there are several
more yet to be received.

As the state is asking this year to
have its share of the money
forwarded to the state treasury in
December the county commissioners
have given notice that the first of
December is to be the final date for
the granting of liquor licenses for
which applications have been received
and they are in session each week in
Norwich on Monday, Tuesday and
Wednesday and in New London on

WOMAN DISAPPEARED

SIX YEARS AGO

Bones of Mrs. Annette Curtis Found
in Deep River Weds.

By the finding of a portion of the
skeleton of a human being in the
woods in the extreme western part of
the town of Deep River has solved
the mystery of the disappearance of
Mrs. Annette Curtis, 80 years
old, on May 12, 1899. The portion
found is a skull, evidently of an
aged woman and with teeth missing
as were those of Mrs. Curtis. Near
the skull was found the sole of a shoe,
the shoe worn by Mrs. Curtis.

Mrs. Curtis lived in the Winthrop
section of the town with her son,
Arthur H. Curtis, and one day while her
son was out she vanished utterly.
Searching parties scoured the woods of
the section, Comstock-Cheney &
Co's reservoir was searched and even
the aid of a clairvoyant was secured,
the latter assuring the anxious search-
ers that Mrs. Curtis was hiding in a
house a few miles from the town.

The only trace of the woman ever
found at that time was a Middlesex
paper bearing her address and a pair
of shoes her son identified as hers.
These were picked up by John Be-
han and Frederick Walden of Chester,
beside a high stone wall about a mile
from the town. The searchers were
informed concerning her was of-
fered by the town, but never claimed,
and finally the search was dropped
after lasting two or three weeks.

The place where the skull was
found a day or two ago is near Spruce
lake in the Winthrop section, two and
a half miles from the town. Two
Killingworth hunters named
Holley came upon it. Their superficial
search of its immediate vicinity re-
vealed only the shoe sole.

On Wednesday a party of searchers,
including Robert Jones and B. O'Con-
nell of Winthrop and Dr. E. J. Mil-
linton, went to the scene and after
careful examinations of the surround-
ings found not only the remaining
bones of the body, but a comb, bits
of hair and buttons such as the wo-
man wore on her dress when she dis-
appeared. These made certain the
identification of the body as that of
Mrs. Curtis.

The skull was first seen by a farm-
hand named Koup, employed by
John Holley, but he is a comparatively
young man in the place and had
never heard of Mrs. Curtis' disappear-
ance and did not speak of his find
for some days after seeing it.

LICENSE SUSPENDED FOR

ACTIVITIES IN WILLIMANTIC

Chauffeur Joseph Davis of New Lon-
don Did Some Fast Driving.

Cases heard by State Secretary
Burnes at Hartford Tuesday includ-
ed the following:
Joseph Davis of New London was
arrested for driving up and down
Main street, Willimantic, in the first
of November at a rate of twenty
miles an hour. Davis skidded around
in a circle several times. It developed
that Davis had taken several joy rides
recently after he had been drinking.
Davis did not have the permission of
the owner of the car he was driving.
Burnes suspended Davis's license.

Charles A. Munson of New Haven
was charged with avoiding responsi-
bility in an accident on Wednesday
November 10 in New London, when
he struck a young girl. Munson said
there were several school children
on Washington street at the time who
were going to a fire and that the girl
who was struck did not appear to be
hurt. Secretary Burnes warned him
for failing to stop after the accident,
regardless of whether the person
struck was seriously injured, and al-
lowed him to keep his license.

SAGE AND SULPHUR

DARKENS GRAY HAIR

Brush this through faded, lifeless
locks and they become dark,
glossy, youthful.

Hair that loses its color and lustre,
or when it fades turns gray, dull and
lifeless, is caused by a lack of sulphur
in the hair. Our grandmother made
up a mixture of Sage Tea and Sulphur
to keep her locks dark and beautiful,
and thousands of women and men
who value that even color, that beau-
tiful dark shade of hair which is so
attractive, use only this old-time re-
cipe.

Nowadays we get this famous mix-
ture by asking at any drug store for
"Sage Tea and Sulphur Compound,"
which is the same as the old-time
hair so naturally, so evenly, that
nobody can possibly tell it has been
applied. Besides, it takes off dandruff,
stops scalp itching and falling hair.
You just dampen a sponge or soft
brush with it and draw this through
your hair, taking one strand at a
time. By morning the gray hair dis-
appears; but what delights the
lady with Wyle's Sage and Sulphur
is that besides beautifully darkening
the hair after a few applications, it
also brings back the gloss and lustre
and gives it an appearance of abun-
dant.

RED CROSS CHRISTMAS

SEALS IN GREAT DEMAND

Orders Coming Every Day to the Of-
fice at Hartford.

Already millions of Red Cross
Christmas seals are in the hands of
local agents throughout the state, and
orders are coming in every day at
the office in the capitol at Hartford.
The seals are being sold in great
quantities to New Haven. Bridgeport
comes second with an order for
500,000, and Waterbury and Hartford
order closely. Orders from other
cities and towns show that largely in-
creased sales are expected.

The sale of seals begins on the day
after Thanksgiving, and in many cities
will be inaugurated by an auction of
the first seal, or sheet of seals. The
proceeds of the sale of seals are de-
voted to local tuberculosis relief work,
and 55 per cent of the gross receipts
are retained in the locality where the
seals are sold. This gives the move-
ment a strictly local color, and it
is hoped that every resident of
Connecticut will help his town and
himself by lending his support.

TAFTVILLE

Rev. W. E. Lamphear Will Speak at

ville Congregational church.

pleted the necessary arrangements for
the minstrel and dance to be given by
the Nieche association.

turn home with good bags of game.

Hartford—An inventory of the es-
tate of Henry C. Judd has been com-
pleted and filed in the probate court.
The appraisers show a total of approxi-
mately \$479,000.
